

TEAMSESCO

PROVIDING REPAIR SERVICES TO THE DISTRIBUTION INDUSTRY

REPAIR YOUR ELECTRONICS AND SAVE UP TO 50%!

At TEAMSESCO, we provide a full-range of electronic and mechanical repair options for your distribution center.

REPAIR YOUR SCANNERS AND OTHER ELECTRONICS WHILE SAVING UP TO 50% OVER OEM!

Intermec SR61EX

TEAMSESCO provides cost effective solutions for your distribution facility's repairs!

Let TEAMSESCO repair your scanners and system electronics in as little as 24 hours.

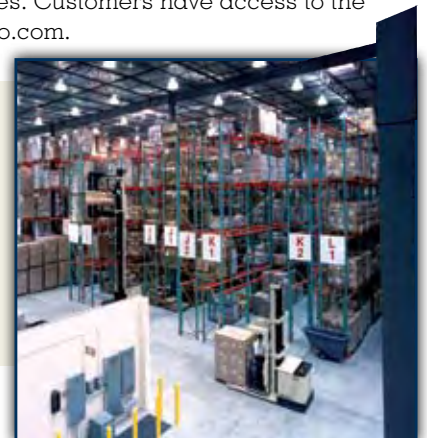

We provide OEM quality service at non-OEM prices! Our staff is trained to repair a wide range of system components from all major manufacturers, including *Intermec*, *Symbol*, *Datalogic*, *Motorola*, *Teklogix* and more! Whether it's a faulty servo motor, touchscreen, intercom system or PLC, TEAMSESCO is your first choice for cost saving repairs. Send it in for a **FREE, NO OBLIGATION** evaluation and quotation. Let our expertise work for you!

THE BEST TEST PROCEDURES – We have written and computer test procedures as well as schematics and documentation for much of the equipment that we repair. We can also create our own documentation and schematics using our computer-aided testing and design equipment.

THE BEST TRACKING SYSTEM – We bar-code track all jobs throughout the entire repair process. Our real time tracking system allows us to keep you advised of job status at all times. Customers have access to the tracking process, including failure reports, through our customer portal at www.teamseSCO.com.

Every TEAMSESCO repair includes:

- Free product evaluation and quotation.
- Complete electronic testing of each repair.
- Superior customer and technical support on all repairs.
- Free job tracking of your repair at www.teamseSCO.com.
- Every repair is backed by our exclusive Star Service Guarantee!
- 24-hour rush repair AND field service available! (additional charges apply)
- Full one-year warranty on most repairs.
